

PRO-FIT LINER

PFGFR | PFGDT

Ensuring the perfect fit.

DESCRIPTION

ALPS® Pro-Fit is a prosthetic liner made with OptiGel that ensures excellent conformability to the residual limb. At the same time, its new and improved distal end encapsulation allows the user to experience a highly secure fit, resulting in enhanced control, comfort, and safety.

PART #	SUSPENSION
PFGDT	LOCKING
PFGFR	CUSHION

Recommended for K2-K4 activity levels.

TOP FEATURES & BENEFITS

PREMIUM GREY FABRIC

OPTIGEL

CUSHION & LOCKING

- ✓ Made with OptiGel that has a smoother and softer texture than other liners on the market, ensuring gentle skin contact and a snug fit around the residual limb.
- ✓ Features a new low-profile aluminum umbrella, allowing an enhanced interaction between the liner and limb with added distal cup flexibility to maximize user comfort.
- ✓ Available in two thicknesses, 3mm or 6mm, both of which feature thickened gel distally to enhance cushioning and comfort for the user.
- ✓ Sleek, grey outer fabric affords superior wear and tear resistance while limiting pistoning due to its low vertical stretch capability.
