PRO-FIT LINER

PFGFR | PFGDT
PFGFR-TP | PFGDT-TP

Ensuring the perfect fit.

DESCRIPTION

ALPS® Pro·Fit is a prosthetic liner made with OptiGel that ensures excellent conformability to the residual limb. At the same time, its new and improved distal end encapsulation allows the user to experience a highly secure fit, resulting in enhanced control, comfort, and safety.

PART #	SUSPENSION
PFGDT	LOCKING
PFGFR	CUSHION

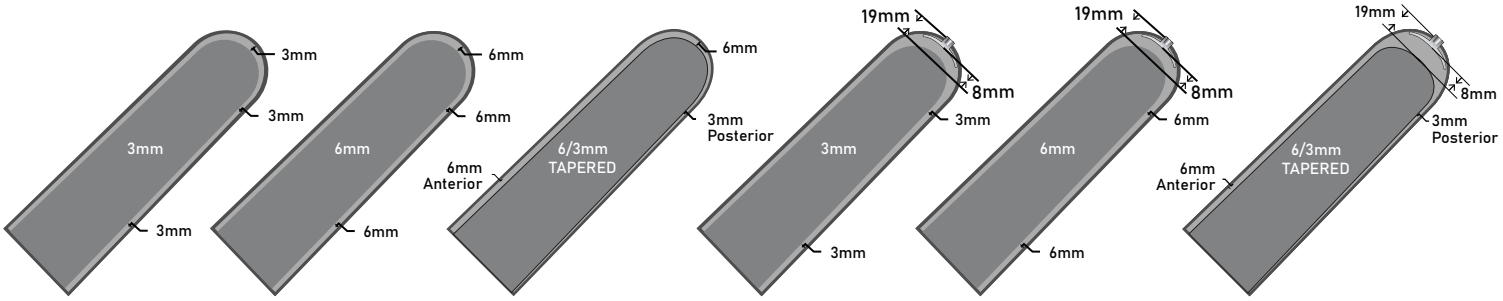

Recommended for K2-K4 activity levels.

TOP FEATURES & BENEFITS

PREMIUM GREY FABRIC | OPTIGEL | CUSHION & LOCKING

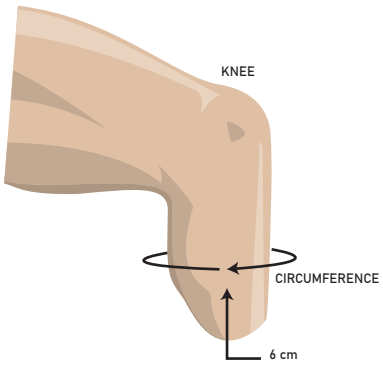

- Made with OptiGel that has a smoother and softer texture than other liners on the market, ensuring gentle skin contact and a snug fit around the residual limb.
- Features a new low-profile aluminum umbrella, allowing an enhanced interaction between the liner and limb with added distal cup flexibility to maximize user comfort.
- Available in 3 mm, 6 mm, and 6/3 mm tapered options, with locking versions featuring thickened distal gel for enhanced cushioning and comfort.
- Sleek, grey outer fabric affords superior wear and tear resistance while limiting pistoning due to its low vertical stretch capability.
