

EASYFLEX

EZF

Gel Liner, With Two Types of Fabric

DESCRIPTION

ALPS™ EasyFlex Liner allows users ease of knee flexion through an unlimited restriction of anterior stretch. The fabric has 80% less posterior vertical stretch, reducing the bunching in the popliteal region. The EasyFlex is made with EasyGel that contains antioxidants that may help promote skin health, providing comfort and durability.

TOP FEATURES & BENEFITS

- ✓ Wider distal end that is proportionate to the size of liner for ease of donning
- ✓ Allows for more anterior stretch
- ✓ Users are able to sit for extended periods
- ✓ May be beneficial for patients with scar tissue
- ✓ Available in 3mm and 6mm uniform
